Report of Independent Registered Public Accounting Firm

The Plan Administrator and Participants
OSG Ship Management, Inc. Savings Plan

We have audited the accompanying statements of net assets available for benefits of OSG Ship Management, Inc. Savings Plan as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of OSG Ship Management, Inc. Savings Plan as of December 31, 2006 and 2005, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic 2006 financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2006 financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**OSG SHIP MANAGEMENT, INC.
SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan:

The following brief description of OSG Ship Management, Inc. Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for more complete information.

General:

The Plan, which was amended and restated as of January 1, 1997 (with certain amendments effective as of subsequent dates), is a defined contribution plan covering substantially all employees of OSG Ship Management, Inc. (the "Company") who have sixty days of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2006, the Company amended and restated the Plan to provide for a new employer contribution account and to provide for a special employer contribution account for participants who are fifty or older on January 1, 2006. The rights and benefits of any participant who retired or whose employment was terminated prior to January 1, 2006 shall be determined by the provisions of the Plan in existence at the time of such retirement or such termination of employment.

Contributions:

Participants may make basic pre-tax contributions to the Plan of up to 6% of compensation, as defined. A participant may also make supplemental pre-tax contributions, the amount of which depends upon the participant's salary. A participant's total contributions in any year may not exceed the maximum amounts for that year as specified in Sections 401(k) and 415 of the Internal Revenue Code and regulations thereunder. Matching contributions are made by the Company as a percentage of the participant's basic contributions and at the discretion of the Company. Effective January 1, 2006, the Company makes contributions in an amount equal to 6% of compensation, as defined, plus during the five years ending December 31, 2010 for each of those employees who are 50 or older as of January 1, 2006, an additional amount calculated as a specified percentage of compensation based on such participant's age. Effective January 1, 2002, a participant's maximum annual addition to the Plan is limited to an amount not greater than the lesser of 100% of the participant's compensation for that year or \$40,000, as adjusted. Effective January 1, 2006, contributions with respect to an after-tax savings option can no longer be made.

**OSG SHIP MANAGEMENT, INC.
SAVINGS PLAN**

Note 1 - Description of Plan (continued):

Participant accounts:

Participants' funds are kept in their own separate pre-tax and company contribution accounts. Each participant's pre-tax account is credited with the participant's contribution and the company matching contribution, if any, is credited to the participant's company contribution account. Net investment gain or loss in each mutual fund or collective fund is allocated to each participant's account in proportion to account balances, as defined. Forfeitures of terminated participant's nonvested company contribution accounts are used to reduce the Company's future contributions. At December 31, 2006, forfeited nonvested accounts totaled \$16,925. These accounts will be used to reduce future employer contributions. Also, in 2005, employer contributions were reduced by \$8,449 from forfeited nonvested accounts.

Vesting:

Participants are immediately vested in their pre-tax account, catch-up contribution account, special employer contribution account, after-tax account and rollover account. Participants are vested in their matching contribution account and employer contribution account upon the completion of three years of continuous service, at normal retirement date, or upon becoming totally and permanently disabled.

Participant loans:

Any participant can request from the Plan a loan not to exceed the lesser of (i) the total value of the participant's pre-tax contribution account, catch-up contribution account, after-tax account, special employer contribution account, the vested portion of the matching contribution account and rollover account, (ii) one-half the combined total of the participant's vested accounts, or (iii) \$50,000, with this amount further reduced by the highest outstanding balance of any other loan to the participant under the Plan during the last twelve months, as defined. The loan must comply with various terms and conditions including transfer of the amount of the loan from the participant's pre-tax account to a loan fund, which will be pledged as security for the loan.

**OSG SHIP MANAGEMENT, INC.
SAVINGS PLAN**

Note 1 - Description of Plan (continued):

Payment of benefits:

Upon termination of service, participants will receive the vested value of their accounts either in a lump sum distribution or in installments over a period which can range from three to ten years. The date of the initial payment of benefits may commence at anytime after retirement, death (or total and permanent disability) or termination, but not later than the calendar year in which the participant attains age 70 ½. The plan also provides that on or after a participant's 60th birthday, an active employee may withdraw all of the value of his or her vested accounts under the Plan in a lump sum. Participants with an interest in the Company Stock Fund may elect to receive distributions of their interest in such fund in either cash or common stock of the Overseas Shipholding Group, Inc. (see Note 4).

Tax status:

The most recent determination letter received from the United States Treasury Department, dated November 1, 2002, ruled that the Plan, as amended, constituted a qualified plan under the provisions of the Internal Revenue Code. The Plan has been subsequently amended. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 2 - Summary of Significant Accounting Policies:

Basis of presentation:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

OSG SHIP MANAGEMENT, INC.
SAVINGS PLAN

Note 2 - Summary of Significant Accounting Policies (continued):

As described in Financial Accounting Standards Board Staff Position, AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsible Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective investment fund as well as the adjustment of the investment in the collective investment fund from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment valuation and income recognition:

Substantially all investments are stated at fair value. Investments in mutual funds are valued at quoted market prices. The collective investment fund is an investment fund that invests primarily in investment contracts issued by insurance companies and commercial banks, which are carried at fair value. The Plan's interest in the collective investment fund is valued based on information reported by the investment advisor using the audited financial statements of the collective investment fund. The Company Stock Fund (see Note 4) follows unit accounting. The value of a participant's account in the Company Stock Fund is based on the quoted market price of Overseas Shipholding Group, Inc. stock as well as interest accrued on the balance held in cash.

Changes in the fair value of investments during the year are reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Purchases and sales of securities are recorded on the date the transaction order is executed. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned.

Payment of benefits:

Benefits are recorded when paid.

**OSG SHIP MANAGEMENT, INC.
SAVINGS PLAN**

Note 3 - Investments:

All of the investments of the Plan are held by Vanguard Fiduciary Trust Company (the "Trustee") under a Trust Agreement. The Trustee executes all investment transactions of the Plan. The participants are able to direct the investment of funds credited to their accounts on a daily basis.

The following table presents investments, at fair value, that represent 5% or more of the Plan's net assets at December 31, 2006 and 2005:

	<u>2006</u>	<u>2005</u>
RS Emerging Growth Fund	\$ —	\$ 1,005,798
Vanguard 500 Index Fund	2,449,467	1,886,846

	<u>\$ 1,342,202</u>	<u>\$ 438,425</u>

**OSG SHIP MANAGEMENT, INC.
SAVINGS PLAN**

Note 4 - Related Party Transactions:

Certain services are rendered to the Plan by the Company, at no cost to the Plan. The Plan investments include shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company, the Plan's trustee. Plan investments also include the Company Stock Fund, which invests in shares of Overseas Shipholding Group, Inc., the parent of OSG Ship Management, Inc.

Note 5 - Plan Termination:

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 6 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
